

World Social Work Day 2008, Estonia

Report from Regina Lind

The Estonian Social Work Association (ESWA) organises a Social Work Day event on March 27th – the date on which the first Global Social Work Day was held.

The Estonian Social Work Day's motto is „Social work concerns everyone“. The event will take place in Paide – a town situated in the centre of the country. The Estonian Ministry of Social Affairs supports the event. Social workers would be greeted by the Minister and we hope to achieve media coverage. On Social Work Day ESWA will give awards to the social workers who have made a lifetime contribution to the area and whose humane attitude was noticed by fellow-workers and clients. Information in Estonian is published on our webpage <http://www.eswa.ee>

ESWA is not a IFSW member as yet, so our event could be called a satellite-event to IFSW Social Work Day, I guess.
