THEME: Mr Nikos Zervas as a Nominee for European Executive Member

The Hellenic Association of Social Workers (HASW) is a public entity by law {L.4387/2016 & L. 4488/2017} and represents professionally and scientifically all social workers in Greece. **HASW** is in good standing with IFSW Global and Europe and abides fully by the legal procedures to participate as a member.

Hereby, we fully support his nomination as a national association, since his position at the Board of Members of HASW, his field experience and training prove with no doubt that he has all the necessary qualifications for the position.

Thank you in advance and if you need any further clarification, please do not hesitate to contact us.

Yours faithfully,

Triantafyllia Athanasiou

President HASW
